IAT Website

Recently Completed:

- Customer Support Requests - Revamped of the way users submit requests for assistance on the website.
- Users can choose from a set of categories for their submission.
 - Users receive an email letting them know the request was submitted.
 - Admins can more accurately track what has been received, what categories ie Password Resets, Inactive Account, Class Registration Problems, etc.
 - Admins can more accurately track what Bureau/Agency/Organization submitted requests for assistance.

In the Works:

- Password Reset Requests - Reworking this process, will hopefully decrease the number of help desk requests we currently receive.
- Online Courses - Currently only Flash & Video are available for Online Courses. Captivate, HTML5, or other formats need to be made available.
 - A-200 Video Choices will be included in this re-work of how online classes are presented.

On-Hold:

- Duplicate User Merge- New system does not have this function and requires manual data entry in the tables of the database. Rebuild started. - Hundreds of Profiles have been merged as we test this new process. - Completed/Testing - On Hold
- Facilities management - Presently unable to add new locations/addresses when creating courses or events. Page build initiated to manage and clean up facilities. - On Hold
